50th Anniversary Reunion book. Page 47*

“Aloha Classmates of 1958! I know I will be missing a great reunion, but I have family coming here for a mini-reunion. We had one last year. It was so much fun some of them are returning this year.

“I have two daughters and their families and three sons and their families right here in Hawaii. My sons, one from Stanwood, Wash., and one from New Zealand, are returning with their families this year.

“I returned to Hawaii in November of 2006. Bought this house. Five of my seven kids and families were here (as you can see). I have daughters-in-law, sons-in-law, a total of 17 grandchildren and two great-grandchildren. Shown are 14 of the 17 grand-children and one of two great-grands. Missing are one daughter and one son.

“What am I doing now days? I drive my grandchildren to school and back. I am up-stairs maid, down-stairs maid, gardener, part-time cook, co-pastor of my daughter and son-in-law's church. Just like my Grandma said, ‘a man works

from sun to sun, but a woman's work is never done!

“Ah, life is full and it's good. Enjoy the 50th-year-reunion (it will never happen again). Thanks for all the fond memories. May God Bless you, each and every one. *Aloha.*”
