Gloria loved horses, whether riding, watching or sketching them. One recent vacation she enjoyed immensely was staying at a working Dude Ranch in eastern Washington with her daughter, Carol. Artwork, decorating, and grower of flowers were among her many talents. Glo was strong of character, forthright in her convictions, capable of

many tasks, with a quick, uncanny and sometimes uncensored sense of humor!

A Life Celebration will be held March 18th at the home of Gloria's son, Cory. She will rest at Evergreen-Washelli Cemetery in Seattle, next to her 2nd husband, Earl Fred Gordon, in the Eagles Mausoleum.
